

XALOY'S X-802 SPECIAL WEAR WARRANTY

In addition to its standard warranty, Xaloy Incorporated ("Xaloy") agrees to provide original Purchaser with an X-802 Special Wear Warranty upon the terms and conditions set forth below.

1. **Special Wear Warranty.** Xaloy warrants that its X-802 bimetallic cylinders will not experience wear across the I.D. in excess of .254mm (0.010 inch) on units ranging from 18mm (0.708 inch) through 100mm (3.937 inch) ID and .381mm (0.015 inch) wear across the I.D. of the barrel for units above 100mm (3.937 inch) ID within the time period of 48 months from the date of shipment by Xaloy. This wear warranty is based on the high tolerance of each part and not the actual finished dimension.

2. **Conditions and Exclusions.** Installation of the cylinder must be performed by Purchaser in a good and workmanlike manner, and proper machine shut down (purge) and start up (preheat) procedures must be followed. Unless prior written approval is given by Xaloy, the X-802 cylinder must be mated with Xaloy recommended compatible screw alloys. The X-802 Special Wear Warranty will not apply to any cylinder at any time when used in the following applications or processes (i) fluoropolymer products, (ii) powdered metal products, (iii) recycling, (iv) processing temperatures in excess of 800 degrees F, (v) resin formulations involving filler levels in excess of 50%, (vi) I.D. Grooves (vii) ceramics, or (viii) non-polymer related process. The Warranty applies only to the original cylinder and does not apply to any cylinder provided as a replacement pursuant to paragraph 3 below.

3. **Exclusive Remedy.** Xaloy will replace with an X-802 cylinder to which this Special Wear Warranty applies with a new cylinder bearing the same part number provided the existence of excess wear to the warranted cylinder is expressly brought to Xaloy's attention in writing during the warranty period and wear is confirmed by Xaloy. The written notification will identify the cylinder by either Xaloy's Job Number or the Purchaser's original Purchase Order Number. The Purchaser will pay and be responsible for all installation, handling and shipping charges. Purchaser will also at its expense return the warranted cylinder to Xaloy within 30 days after receipt of the replacement cylinder.

4. **Limitations and Disclaimers.** This X-802 Special Wear Warranty supplements the standard form of "Xaloy Warranties and Disclaimers," which is incorporated herein by reference. The standard form, as modified herein, shall control exclusively all rights and obligations of the parties. THERE ARE NO IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. XALOY SHALL HAVE NO LIABILITY FOR INCIDENTAL, SPECIAL OR CONSEQUENTIAL DAMAGES.

5. **Nontransferable.** This warranty applies to the original Purchaser only and is not transferable.
